

# Kenko's S&E<sup>®</sup> Orthodontic Mini-screw

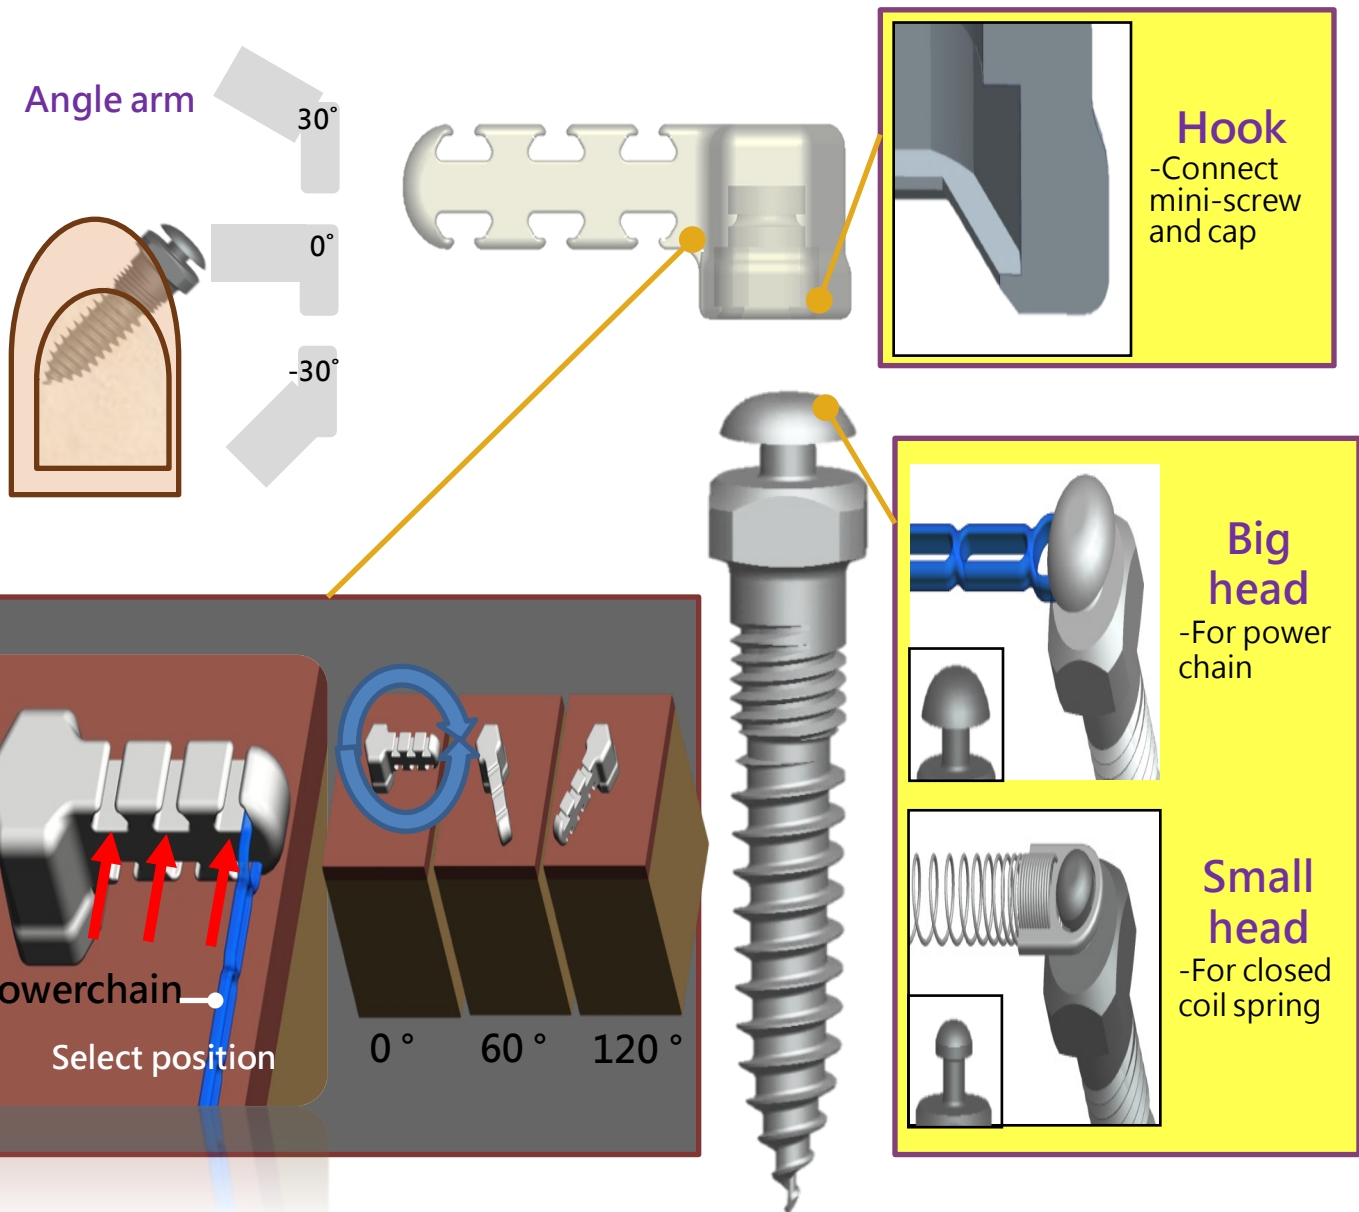

Taiwan Patent No. M405255  
China Patent No. 201120075780.8

## Features :

1. Self-drilling Tip : Easy insertion and low insertion torque
2. Double threaded screw part : Suitable for low bone density/poor bone quality and firm fixation
3. Providing better primary stability and enhancing mechanical retention

### Design concept
